Blue Book: Comprehensive Dog Population Management Training Guide

This Blue Book provides a definitive framework for Lucknow Nagar Nigam in developing and implementing systematic training programmes for Humane Animal Population Control. The guide outlines critical methodologies for creating effective training modules, conducting hands-on practical sessions, and ensuring participant competency in advanced animal welfare and population control techniques.

The document is meticulously crafted to standardise approaches to dog population management, emphasising humane practices, scientific methodologies, and community-centered interventions. It serves as an essential resource for municipal administrators, veterinary professionals, and field workers engaged in animal population control initiatives.

Key objectives include:

- Establishing uniform training protocols
- Ensuring consistent quality of animal population management interventions
- Developing skill-based training programmes
- Promoting humane and scientific approaches to dog population control

Stakeholder Engagement Framework

The successful implementation of the Animal Birth Control Training Programme hinges on a collaborative approach involving multiple key stakeholders, each with clearly defined roles and responsibilities.

1. Lucknow Nagar Nigam:

The Lucknow Nagar Nigam shall serve as the administrative authority responsible for ensuring the establishment, maintenance, and oversight of essential infrastructural and logistical units required for effective programme implementation and through the Municipal Veterinary Officer (MVO) serve as the central coordinating body, ensuring strategic alignment and operational excellence throughout the programme's lifecycle. The MVO will be responsible for overseeing day to day management, facilitating collaboration with Training agency, ensuring adherence with these bluebook guidelines and maintaining rigorous documentation of programme progress. The MVO will prepare and submit detailed *quarterly* reports to the Uttar Pradesh Animal Birth Control Monitoring Committee, providing transparent insights into programme implementation, challenges, and achievements. The MVO,

- with the help of the Training Agency, will be responsible for managing application processes, addressing technical queries, and ensuring smooth programme implementation.
2. **Training Agency:** The Designated Training Agency will function as the programme's operational core, bearing direct responsibility for curriculum development, participant management, practical training execution, maintaining meticulous records, and providing regular progress reports to the Nagar Nigam. Given that the training facility is located within the existing ABC centre, the agency implementing the ABC programme at the centre shall be designated as the Training Agency.
 3. **Uttar Pradesh Animal Birth Control Monitoring Committee:** Uttar Pradesh Animal Birth Control Monitoring Committee will provide critical oversight and strategic guidance through its dedicated sub-committee. This committee will conduct comprehensive quarterly reviews, evaluate programme effectiveness, and make informed recommendations for continuous improvement. Their role extends beyond mere monitoring to active programme refinement, ensuring alignment with emerging best practices in animal welfare and population management.
 4. **Animal Welfare Board of India:** The Board will rigorously review and approve the training curriculum, ensuring it meets national standards for humane animal population control. Additionally, the Board will collaborate with Lucknow Nagar Nigam to issue official certificates of completion to participants who successfully demonstrate the required competence
 5. **Programme participants:** Participants will comprise a diverse cohort including veterinary professionals, para-veterinary personnel, animal handlers, programme managers from

animal welfare organisations, and government officials. This multidisciplinary approach ensures a comprehensive understanding of canine population management strategies.

Important Note: A comprehensive Memorandum of Understanding (MoU) will be executed between Lucknow Nagar Nigam and the Training Agency. This document will delineate roles, responsibilities, operational protocols, and collaborative mechanisms, providing a clear institutional framework for programme execution.

Financial Management Framework

The financial governance of the ABC Training Programme will be overseen by the sub-committee constituted by the State Animal Birth Control Monitoring committee. This committee shall be responsible for fixing the rate of participant fee and determining the remuneration to be paid to the Training Agency for each batch of trainees.

The responsibilities of the Sub-Committee shall include:

- a. Development of cost per participant for training.
- b. To ensure that the fee paid by the participants and any reimbursement received from the State Government

or Animal Welfare Board of India or any other agency, towards ABC Training shall be deposited in the bank account. In the books maintained by the Lucknow Nagar Nigam specific accounting heads shall be created for:

- Registration fees paid by participants
- Reimbursement received from AWBI
- Training Agency disbursements
- Other programme-related operational expenses
- Net revenue generated by LMC
 - c. Creation of utilisation plan for surplus revenue generated through the programme towards improvement of the training centre. These funds will be systematically used into enhancing training infrastructure, upgrading programme methodologies, and improving overall programme capabilities.
 - d. The accounting of the ABC training programme shall be distinct from the ongoing ABC programme and income and expenditure for each shall be accounted for separately.

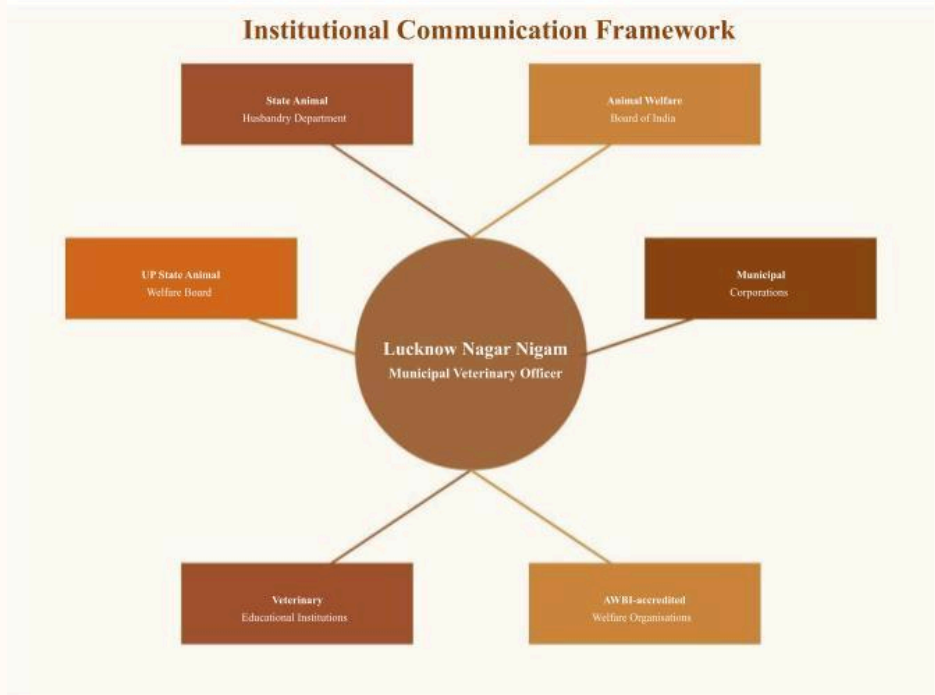

The fee structures and financial parameters established by the sub-committee will require formal approval from the Municipal Commissioner of Lucknow Nagar Nigam. These financial provisions will be subject to annual review and revision.

The financial management framework shall aim to balance three critical objectives:

- Ensuring programme sustainability
- Maintaining affordable participant access

- Generating resources for continuous programme improvement

Establishment of Institutional Communication Channels

The Lucknow Nagar Nigam through the MVO with assistance from the Training Agency shall institute a comprehensive communication framework to disseminate critical information regarding the ABC Training Programme. This institutional communication strategy encompasses a strategic outreach methodology designed to engage key stakeholders across multiple governmental and

non-governmental domains.

The initial communication phase shall entail targeted official correspondence dispatched to the following institutional entities:

- State Animal Husbandry Department
- Animal Welfare Board of India
- Uttar Pradesh State Animal Welfare Board
- Municipal Corporations within Uttar Pradesh
- Recognised Veterinary Educational Institutions
- AWBI-accredited Animal Welfare Organisations
- State Veterinary Council
- Veterinary Council of India

The communication protocol shall comprehensively articulate the establishment of the training centre, formally request digital integration through permanent website linkages, delineate standardised operational procedures for future course notifications, and establish definitive institutional points of contact.

Course Announcement and Application Process

LUCKNOW NAGAR NIGAM

OFFICIAL NOTIFICATION

Animal Birth Control (ABC) Training Programme Notification

The Municipal Corporation of Lucknow hereby announces the commencement of applications for the Animal Birth Control (ABC) Training Programme.

Course Details

Category	Available Seats
Veterinarians	[X]
Para-vets	[Y]
Dog Handlers	[Z]
Programme Managers	[W]

Important Dates

- Application Start Date: [Date]
- Last Date for Application Submission: [Date]
- Course Duration: 15 days
- Course Timing: 9:00 AM to 5:00 PM

Eligibility & Required Documents

Veterinarians:

- B.V.Sc & A.H degree
- Master's Degree (if any)
- Valid VCI/SVC registration
- Supporting Documents Required

Para-vets:

- Letter of experience from government agency/animal welfare organisation/employing organisation
- Diploma/Certificates as applicable
- Supporting Documents Required

Dog Handlers:

- Letter of experience from government agency/animal welfare organisation/employing organisation
- Supporting Documents Required

Programme Manager:

- Highest Education qualification
- Supporting Documents Required

Course Fee

Category	Fee Amount
Veterinarians	[A]
Para-vets	[B]
Dog Handlers	[C]
Programme Managers	[D]

Application Forms: The application forms can be downloaded from our official website www.lmc.up.gov.in or collected in person from the Municipal Corporation Office during working hours (10:00 AM to 5:00 PM).

Sample Course Notification

Course Notification/ Announcement

The course announcement and application process must begin 60 days prior to commencement of the training. The course notification and a link to the application [**Annexure A1 for Veterinarians and A2 for para-vets, handlers and programme managers**] should be published on the official website of the Lucknow Nagar Nigam and distributed through points of contact to various departments and organisations for website updates.

The notification should include the following details:

- Course dates and timing
- Total seats:
 - Veterinarians: [X] seats
 - Para-vets: [Y] seats
 - Dog Handlers: [Z] seats
 - Programme Manager
- Course fee structure
- Eligibility
- Last date for application submission
- List of required documents
- Contact Number for Enquiry

Application Processing

For application processing, applications should be received through prescribed formats with mandatory documents including the following:

- Mandatory Documents:
 - Completed application form
 - Two passport-size photographs
 - Identity proof (Aadhar/Pan)

- Educational qualifications
 - Veterinarians: B.V.Sc & A.H degree, Master's Degree (if any), Valid VCI/SVC registration, Supporting Documents Required
 - Para-vets: Letter of experience from government agency/animal welfare organisation/employing organisation. Diploma/Certificates are applicable. Supporting Documents Required
 - Dog Handlers: Letter of experience from government agency/animal welfare organisation/employing organisation. Supporting documents required.
 - Programme Manager: Highest Education qualification. Supporting Documents Required
- Sponsorship letter (where applicable)
- Signed undertaking for following safety protocols
[Annexure B]

Candidate Screening and Document Verification: A two member team consisting of the Municipal Veterinary officer and an officer nominated by the Training Agency is to be created for the purpose of screening and document verification of participants. The screening and document verification should be done based on a checklist **[Annexure C]**. After verification the committee needs to ensure apprising the selected candidates via email and phone, asking them to deposit a fee within a specified period of time.

Payment of Fees: Upon confirmation the selected candidates are to pay the requisite course fee payment through online bank transfer to the designated account, demand draft in favour of "...", or digital payment through authorised payment gateways. The fee structure varies by category for veterinarians, para-vets, and handlers. Upon

successful payment verification, a system-generated receipt with a unique transaction ID will be issued that includes participant details, payment amount, mode of payment, and date.

Issuance of Confirmation Letter: Following payment verification, a formal course confirmation letter will be issued by the Municipal Veterinary Officer via email. Thereby, a participant register [**Annexure D**] is to be created and maintained by the Training Agency. The Training Agency will then keep the selected participants apprised of the date and venue related queries and any other details that the participants may require.

Pre-Course Arrangements

Pre-Course Arrangements, to be completed one week prior to the course by the Training Agency, consist of two main components: Administrative Preparations and Facility Preparation.

Administrative Preparations

For administrative preparations the following items need to be prepared by the Training Agency:

- Participant ID cards
- Course folders containing:
 - Detailed schedule
 - SOPs for ABC procedures
 - Note-taking materials
 - Feedback forms **[Annexure E]**
 - Centre rules and regulations

Additionally, Registration Forms to be filled by participants upon arrival on Day 1 of the training **[Annexure F]**, Attendance register to be maintained daily by the Training Agency **[Annexure G]**, Daily Assessment sheets to be maintained by the lead trainer **[Annexure H]**, and Completion Certificates (which will be signed upon course completion) must be kept ready for use at the completion of the course.

Facility Preparation

Regarding facility preparation, the classroom setup requires the following checks by Training Agency:

- Classroom setup:
 - Check all equipments and arrangements

- Operation Theatre: Complete preparedness in accordance with requirements under the Revised Module for Dog Population Management, Rabies Eradication and Reduction in Man-Dog Conflict.
- Preparation and Recovery Area: Complete preparedness in accordance with requirements under the Revised Module for Dog Population Management, Rabies Eradication and Reduction in Man-Dog Conflict.

Course Implementation

TRAINING SCHEDULE FOR VETERINARIANS

Days	Activities
1st - 4th day	Theory sessions • Introduction and quiz on basic understanding of anaesthesia, surgery and anatomy of dogs • Session on small animal anatomy and reproductive system of male and female dogs. • Session on small animal anaesthesia with drugs selections. Pharmacodynamics and Pharmacokinetics of all the drugs used for sedation with their side effects and precautionary measures will be covered. • Sessions on Pain management and post-operative care • Sessions on patient selection and physical examination like pulse rate, heart rate and respiratory rate. • Identification of sick dogs. Hands on training on Anaesthesia, restrain and set up

	of surgery tables. Hands on training on Preparation of surgery site and surgery packs. Basic understating on surgery instruments, cautery machines and instrument sterilisation and other aseptic protocols.
5th -8th day	Hands on training on Male dog surgery (Neuter/ castration). Every trainee will conduct at least 15 surgeries with anaesthesia, preparation and monitoring.
9th – 12th day	Hands on training on Female dog surgery (spay/Ovariohysterectomy). Every trainee will conduct at least 15 surgeries with anaesthesia, preparation and monitoring.
13th -14th day	Training on: 1. Post-operative care and kennel management. 2. Organ counting protocol & record management 3. Maintenance of following records: ● Pick up and release records ● Operation Theatre records duly signed by a qualified and trained veterinarian ● Post-operative care records ● Isolation and quarantine facility records ● Records of post mortem examination in the prescribed format for any dog deaths that may occur at the ABC facility / campus, duly signed by the jurisdictional veterinary officer ● Medicine inventory records ● Stock inventory records ● Attendance records and particulars of all persons working at the ABC facility / campus ● Training on Animal Welfare Laws ● Programme Management

15th day	First half of the day: Feedback & Discussion Second half of the day: Closing & Certificate Distribution
----------	--

TRAINING SCHEDULE FOR PARA-VETS, DOG HANDLERS AND PROGRAMME MANAGERS

Days	Activities
1st –4th day	Theory sessions on dog behaviour and welfare. Management and handling of infections and/or zoonotic diseases in dogs. Hands on training on dog catching followed by theory sessions • Preparation of vehicle for dog catching • Catching and handling methods: hand catching, net catching and trap catching • Loading and unloading of dogs at the facility. • Data collection through mobile applications. • Tagging & identification of dogs through record maintenance
5th – 7th day	Hands on training on Anaesthesia. • Preparing anaesthesia table and weighing scale. • Drug –dosage calculation. Injections - Sites and different routes: intramuscular, intravenous and subcutaneous. Hands on training on preparation of surgery site and ear notching. • Setting up a preparation table.

	● Shaving and scrubbing of surgery site ● Cleaning and mopping of incision sites. ● Ear –notching.
8th 10th day	– Hands on training on nursing: ● Preparation of the nurse table. ● Supervision and monitoring of the dogs during surgery. Respiratory rate, Pulse rate and Heart rate. ● Understanding of suture materials and other equipment like OT table, Ambu bags and surgery sets.
11th 14th day	– First half of the day: ● Hands on training on recovery ● Pain Management of operated dogs ● Monitoring and supervising the dogs recovering from anaesthesia. ● Management of dogs in hypothermia and hyperthermia Second half of the day: 1. Community Engagement (2 days) 2. Animal Welfare Laws (2 days) First half of the day: ● Hands on training on Kennel Management: ● Cleaning and washing of dog kennels. ● Record keeping and transferring of dogs in different kennels. ● Cooking and feeding of dogs in kennels Second Half of the day: 1. Programme Management (Over a period of 4 days)
15th day	First half of the day: Feedback & Discussion Second half of the day: Closing & Certificate Distribution

FOUR DAY TRAINING SCHEDULE SPECIFICALLY FOR PROGRAMME MANAGERS

Days	Activities
11th Day	Basic Documentation & Record Management ● Dog pick up and release record maintenance ● Photo documentation of dogs housed and during pick up and release. ● Scheduling surgery slots (including emergency slot planning) and maintaining surgery records ● Post-operative care records maintenance. ● Medicine inventory management and record maintenance.

	● Food Stock inventory management and record maintenance. ● Cleaning supply inventory management and record maintenance. ● Staff attendance tracking and recording maintenance. ● Isolation and quarantine kennels management and record maintenance. ● Fuel log maintenance for dog van
12th Day	Facility & Resource Management ● Managing Dog pick ups and release according to kennel capacity ● Equipment and Power Back Up maintenance ● Equipment and Storage (Medicine and Food) systems organisation ● Waste management protocols development and management ● Facility and dog van maintenance and cleaning scheduling and management ● Feeding time supervision and management ● Post Operative Care supervision ● Isolation and Quarantine kennel supervision ● Catching areas assignment and route scheduling ● Coordinating with vets, paravets and handlers
13th Day	Staff & Operations Management ● Daily operation planning ● Staff duty roster creation ● Catching team coordination ● Surgery team coordination ● Emergency response protocols development ● Handling public queries and grievances ● Managing volunteer inquiries

14th Day	Quality Control & Reporting ● Surgery numbers and success rate monitoring ● Recovery time tracking ● Complication and mortality rate analysis ● Monthly report preparation ● Set up communication protocols with management ● Programme evaluation methods development
----------	--

Assessment Process

- Daily assessment sheets need to be completed for each participant, by the lead trainer.
- Final comprehensive Assessment sheet **[Annexure I]** for each participant to be completed by the lead trainer upon course completion.
- Feedback forms to be collected from each participant

Certification Ceremony

The Certification Ceremony includes various stages of organisation and execution. The details are given below:

- **Arrangements Prior to Ceremony:** Before the commencement of the ceremony, the venue and certificates are to be prepared, and guest invitations are to be extended where applicable.
- **Ceremony Protocol** The ceremony protocol follows a structured format, beginning with addresses by officials and guests, followed by the distribution of certificates, a vote of thanks, and concluding with a photo session.
- **Post-Ceremony Procedures** After the ceremony, a comprehensive documentation of the ceremony and a detailed course report is to be prepared by the Training Agency and submitted to the MVO, Lucknow Nagar Nigam in the format as prescribed herein [**Annexure J**].

Post-Course Procedures

Documentation & Record Maintenance

Following the successful completion of the course, the Training Agency is to implement a systemic filing of the following documents:

- Participant details
- Attendance records
- Certificate copy filing
- Daily Assessment sheets filing
- Feedback sheet analysis

- Assessment Sheet making
- Photograph/video filing
- Course report submission

Emergency Protocols

Preparedness for Medical Emergencies

To ensure participant safety and smooth course operations, medical emergency preparedness measures must be readily available at all times. This encompasses maintaining the following:

- First aid box
- Emergency contact numbers
- Nearest hospital information
- Ambulance contact

Emergency Preparedness Protocol

Comprehensive Safety Measures for Participant Well-being

Important Contact Information

A comprehensive list of important contact information must be maintained and prominently displayed for immediate access during any emergency situations.

Annexures

Annexure A: Annexure A1 application form for Veterinarians and A2 application form for Para-veterinarians, Handlers and Programme managers

Annexure B: Undertaking signed by the participant for following prescribed safety protocols

Annexure C: Applicants screening and document verification checklist

Annexure D: Participants Register

Annexure E: Feedback forms to be filled by each participant

Annexure F: Registration Forms to be filled by participants upon arrival on Day 1 of the training

Annexure G: Attendance register to be maintained daily by the Training Agency

Annexure H: Daily Assessment Sheets to be maintained by the lead trainer

Annexure I: Final Assessment Sheet for each participant to be filled by the lead trainer

Annexure J: Detailed Course Report to be Submitted by the Training Agency

ANNEXURE B

Undertaking signed by the participant for following prescribed safety protocols

These protocols are essential to ensure the safety and health of all participants—veterinarians, para-veterinarians, animal handlers, and other staff—at the training centre. These guidelines must be strictly followed to minimise risks of injury, infection, and disease transmission.

1. Vaccination Requirements

- a. *Pre-Exposure Rabies Vaccination:* All participants must have received pre-exposure rabies vaccination. Proof of up-to-date vaccination should be presented before beginning the programme.
- b. *Tetanus Vaccination:* A current tetanus vaccine is mandatory for all participants.

2. Hygiene Practices

- a. All participants must wear appropriate gears, including gloves, face masks, as and when required, while handling dogs or cleaning kennels.

- b. Veterinarians and surgical assistants must follow surgical hand preparation protocols [scrub] as instructed by the lead trainer.
- c. All para-veterinarians, handlers and programme managers must ensure that surfaces, kennels, and equipment are thoroughly cleaned and disinfected between uses.
- d. All participants must dispose of single-use gloves and masks properly. All animal waste, soiled materials, and other biological waste in designated biohazard disposal bins.

3. Injury Prevention and Immediate Care

- a. Participants must report and immediately address any bites, scratches, or other injuries.
- b. No participant shall, without supervision, approach any dog isolated for reason of illness or observation.

The undersigned agrees that s/he shall adhere strictly to all the prescribed safety protocols, as well as any safety measures announced or as instructed by the Lead Trainer.

Name & signature of participant
ID No. _____

ANNEXURE C

Applicant Screening and Document Verification Checklist

1. Basic Identification and Contact Information
 - a. Full Name: Verify that the name matches the attached ID (Aadhar) and other documents.
 - b. Date of Birth & Age: Confirm that date of birth and age information are filled.
 - c. Aadhar Number: Check that the Aadhar number is clear and legible; cross-verify with attached ID.
 - d. Correspondence and Permanent Address: Ensure both addresses are fully filled out.
 - e. Contact Details: Confirm mobile number and email address are provided and are legible.
 - f. Emergency Contact: Verify the emergency contact information is complete.

2. Professional Information (as per Category of Applicant)

For Veterinarians:

- A. B.V.Sc & A.H University and Year of Passing: Verify details against the attached degree certificate.
- B. State Veterinary Council/ Veterinary Council Registration Number and Validity: Confirm registration number and check validity against attached registration document.

For Para-veterinarians, Handlers and Programme Manager:

- A. Employing Government Agency/Animal Welfare Organisation/Individuals and Highest Education: Verify that letter of experience by employing agency/animal welfare organisation is enclosed/uploaded.
- B. Education and Institution: Cross-check against the diploma/certificate/degree certificate.
- C. Year of Passing: Confirm with attached certificate.

For: Individuals:

- A. Highest Education and Institution: Cross-check details with any provided certificates.
- B. Year of Passing: Confirm with provided documentation.

3. Experience Details

- A. Current Employment, Position, and Duration: Cross-check with the attached experience certificate or letters from the employer.
- B. Specific Surgery/ABC Experience: Note any experience relevant to ABC procedures.

4. Sponsorship Information (if applicable)

- A. Sponsoring Organisation and Contact Details: Confirm sponsoring organisation's details if filled when applicable.
- B. Address and Contact Information of Sponsor: Cross-check with the sponsorship letter, if attached.

5. Declaration

- A. Signature: Verify that the applicant has signed and dated the declaration section.
- B. Location: Ensure place and date are provided.

6. Enclosures Checklist (Confirm all required documents are attached)

- A. One Passport Size Photographs
- B. Identity Proof (Aadhar)
- C. B.V.Sc & A.H Degree Certificate (for veterinarians)
- D. M.V.Sc Degree Certificate (if applicable)
- E. State Veterinary Council/Veterinary Council of India Registration Document (for veterinarians)
- F. Relevant Diploma/Certificate for Para-veterinarians (if applicable)
- G. Degree Certificate for Programme Manager.
- H. Experience Letters from Employer (for para-veterinarians, handlers and programme)
- I. Sponsorship Letter (if applicable)
- J. Any Other Relevant Documents: Note any additional documents provided.

7. Additional Checks and Notes

- A. Additional information: Mark as "Complete" or "Incomplete" based on missing or insufficient information. Additional/missing information may be sought via e-mail from the applicant.

- B. Application Status: Where application is adequate & verified, candidate deemed eligible, the application status shall be marked 'Accepted', otherwise, 'Rejected'.
- C. Signature of Verifying Officer: Ensure the verifying officer signs and dates the form after completing the screening.
- D. Participant register: Upon issuance of confirmation letter to the applicant, the participant name, batch no., ID no., contact information shall be entered into the Candidate Register.

3. Time Started: _____ Completed: _____

Female Dogs:

1. Time Started: _____ Completed: _____
2. Time Started: _____ Completed: _____
3. Time Started: _____ Completed: _____

Areas Observed:

Area	Excellent	Good	Average	Poor
Pre-surgical assessment				

Anaesthesia administration				
Surgical technique				
Post-Operative Care				
Documentation				
Others				

Notes:

Administrative Training (Days 13-14)

Topics Covered:

Topics	Excellent	Good	Average	Poor
Documentation and Record Maintenance				
Programme Management				
Animal Welfare Laws				

Others				
--------	--	--	--	--

Notes:

2. Para-veterinarians/Handlers

Date: _____ Participant Name: _____

Registration No.: _____

Theory & Handling (Days 1-4)

Session Attendance: Present ☐ Absent ☐

Skills Practised:

Skills	Excellent	Good	Average	Poor
Dog Behaviour and Welfare Understanding				
Catching Techniques				
Basic Handling and Vehicle Preparation				
Data Collection				

Others				
--------	--	--	--	--

Notes:

Clinical Training (Days 5-10)

Activities Performed:

Activity	Excellent	Good	Average	Poor
Anaesthesia Assistance				
Dosage Calculation and Injection Administration				
Surgery Preparation				
Patient Monitoring				
Recovery Supervision				
Others				

Notes:

Facility Management (Days 11-14)

Tasks Completed:

Skills	Excellent	Good	Average	Poor
Kennel Management				
Record Keeping				
Patient Care				
Community Engagement				
Animal Welfare Laws				
Others				

3. Programme Manager Daily Evaluation Sheet

Date: _____ Participant Name: _____

Registration No.: _____

Daily Evaluation Summary

(To be filled by trainer)

Name of Participant:

Strengths Demonstrated:

Areas for Improvement:

Special Observations:

Follow-up Required:

Trainer's Name: _____ Signature: _____

Date: _____

Notes for Trainers:

1. Fill evaluation sheets daily for each participant
2. Note specific observations rather than general comments
3. Flag any concerns for immediate attention
4. Track progress against AWBI requirements
5. Maintain copies for final assessment
6. Use additional sheets if needed

ANNEXURE I

Final Assessment Form

Form 1: Veterinarian Assessment

Participant Name: _____. Registration No.: _____

Animal Welfare Organisation/Agency: _____

1. Theoretical Knowledge Assessment

Criteria	Excellent	Good	Average	Poor
Understanding of ABC protocols and guidelines				
Knowledge of anaesthesia and pain management				

Anatomy and surgical principles				
Post-operative care requirements				
Record keeping and documentation				
Animal welfare laws and regulations				
Others				

2. Practical Skills Assessment

A. Male Dog Surgeries (Minimum 15 required)

Number of surgeries completed: _____

Surgical Competency Evaluation:

Criteria	Excellent	Good	Average	Poor
Preoperative patient assessment				
Anaesthesia administration and monitoring				
Surgical technique and timing				
Post-operative care				
Documentation completion and Record Keeping				
Others				

Notable Observations:

B. Female Dog Surgeries (Minimum 15 required)

Number of surgeries completed: _____

Surgical Competency Evaluation:

Criteria	Excellent	Good	Average	Poor
Preoperative patient assessment				
Anaesthesia administration and monitoring				
Surgical technique and timing				

Post-operative care				
Documentation completion and Record Keeping				
Others				

Notable Observations:

Overall Assessment:

Trainer's Comments:

Trainer's Name: _____

Signature:_____

Date:_____

Form 2: Para-Vet Assessment

Participant Name: _____Registration No.: _____
Implementing Agency/Organisation: _____

1. Theoretical Knowledge Assessment

Criteria	Excellent	Good	Average	Poor
Understanding of basic veterinary protocols				
Knowledge of humane animal capture and handling				
Understanding of surgical assistance requirements				
Basic anatomy and medical terminology				

Record keeping procedures				
Others				

2. Practical Skills Assessment

A. Animal Handling and Preparation

Criteria	Excellent	Good	Average	Poor
Dog catching techniques				
Restrain methods				
Pre-surgical preparation				
Equipment handling				
Safety protocol adherence				
Others				

B. Surgical Assistance

Criteria	Excellent	Good	Average	Poor
Anaesthesia monitoring				
Instrument handling				
Surgical area maintenance				
Recovery monitoring				
Accurate documentation				
Others				

C. Postoperative Care

Criteria	Excellent	Good	Average	Poor
Patient monitoring				
Medication administration				
Kennel				

management				
Record maintenance				
Emergency response				
Others				

Overall Assessment:

Trainer's Comments:

Trainer's Name: _____ **Signature:**

_____ **Date:** _____

Form 3: Animal Handler Assessment

Participant Name: _____ **Registration No.:** _____

Organisation: _____

1. Theoretical Knowledge Assessment

Criteria	Excellent	Good	Average	Poor
Understanding dog behaviour and Animal Welfare Laws				

Knowledge of catching methods				
Knowledge of basic hygiene protocols				
Adherence to safety protocols				
Record keeping basics				
Others				

2. Practical Skills Assessment

A. Dog Catching and Transport

Criteria	Excellent	Good	Average	Poor
Hand-catching technique				
Net catching technique				
Vehicle preparation & maintenance				
Transport safety				
Documentation of catch & release [use of google maps/location app]				
Others				

B. Facility Management

Criteria	Excellent	Good	Average	Poor
Kennel maintenance				
Feeding management				
Equipment maintenance				
Waste management				
Others				

C. Animal Care

Criteria	Excellent	Good	Average	Poor
Dog handling				
Basic health monitoring				
Post-operative monitoring				
Release procedure				
Record keeping				

Others				
--------	--	--	--	--

Overall Assessment:

Trainer's Comments:

Trainer's Name: _____

Signature: _____

Date: _____

Form 4: Programme Manager Assessment

Participant Name: _____ Registration No.: _____

_____ Implementing Agency/Organisation: _____

1. Theoretical Knowledge Assessment

Criteria	Excellent	Good	Average	Poor
Understanding of ABC (Animal Birth Control)				

Programme Objectives				
Knowledge of Documentation and Record Management Protocols				
Comprehension of Animal Welfare Laws and Regulations				
Facility and Resource Management Understanding				
Staff Coordination and Operations Management				

Emergency Response and Contingency Planning				
Quality Control and Reporting Mechanisms				
Others				

2. Practical Skills Assessment

A. Documentation and Record Management

Criteria	Excellent	Good	Average	Poor
Dog Pick-up and Release Record Maintenance				
Photo Documentation Accuracy				
Surgery				

Scheduling and Record Keeping				
Post-operative Care Documentation				
Inventory Management (Medicine, Food, Cleaning Supplies)				
Staff Attendance Tracking				
Fuel Log Maintenance				

B. Facility And Resource Management

Criteria	Excellent	Good	Average	Poor
Kennel Capacity Management				
Equipment Maintenance				
Storage Systems Organisation				
Waste Management				

Protocol Implementation				
Facility and Dog Van Maintenance Scheduling				
Feeding Time Supervision				
Isolation and Quarantine Kennel Management				

C. Staff And Operations Management

Criteria	Excellent	Good	Average	Poor
Daily Operation Planning				
Staff Duty Roster Creation				
Catching Team Coordination				
Surgery Team Coordination				
Emergency Response Protocol				

Development				
Public Query and Grievance Handling				
Volunteer Management				

D. Quality Control And Reporting

Criteria	Excellent	Good	Average	Poor
Surgery Numbers Tracking				
Recovery Time Monitoring				
Complication and Mortality Rate Analysis				
Monthly Report Preparation				
Communication Protocol Effectiveness				
Programme Evaluation Method				

Development				
-------------	--	--	--	--

Overall Assessment:

Trainer's Comments:

Trainer's Name: _____ Signature: _____

Date: _____

Note:

1. Assessment is based on successful completion of all required modules as per AWBI guidelines
2. Veterinarians must complete minimum required surgeries
3. Para-vets must demonstrate competency in all assistance procedures
4. Handlers must show proficiency in catching and animal care
5. All participants must complete full duration of training
6. Records of assessments to be maintained for 5 years

ANNEXURE J

Detailed Course Report To Be Submitted by the Training Agency

Animal Birth Control Training Programme Report

Report Reference Number:

Training Period: DD/MM/YYYY to DD/MM/YYYY

1. Executive Summary

Overview of the training programme, highlighting key achievements, challenges, and outcomes.

2. Training Batch Details

2.1 Participant Information

Total Number of Participants: ____

Category	Number Enrolled	Number Completed	Success Rate
Veterinarians			
Para-vets			
Handlers			
Programme Manager			
Total			

2.2 Participating Organisations/Agencies

1. _____
2. _____
3. _____

3. Training Programme Implementation

3.1 Schedule Adherence

- Planned Start Date: _____
- Actual Start Date: _____
- Planned End Date: _____
- Actual End Date: _____
- Deviations (if any, cite reason): _____

3.2 Curriculum Coverage

Component	Completed (Y/N)	Remarks
Theory Sessions	Y/N	
Practical Training	Y/N	
Assessments	Y/N	

3.3 Surgical Procedures Conducted (For Veterinarians)

Total number of surgeries performed:

- Male Dogs: _____
- Female Dogs: _____

Average surgeries per veterinarian:

- Male Dogs: _____
- Female Dogs: _____

4. Performance Analysis

4.1 Assessment Results Summary

Category	Comments
Veterinarians	
Para-vets	
Handlers	
Programme Managers	

4.2 Key Strengths Observed

1. _____
2. _____
3. _____

4.3 Areas Needing Improvement

1. _____
2. _____
3. _____

5. Feedback Analysis

5.1 Participant Feedback Summary

Aspect	Key Comments
Course Content	
Training Delivery	
Facilities	
Areas Needing Improvement	
Overall Satisfaction	

5.2 Major Suggestions Received

1. _____
2. _____
3. _____

6. Resource Utilisation

6.1 Infrastructure

- Classroom Utilisation: ____%
- OT Utilisation: ____%
- Kennel Occupancy: ____%

6.2 Material Consumption

Brief summary of major consumables used

6.3 Documentation Completion

- Participant Records: Complete/Incomplete
- Attendance Record: Complete/Incomplete
- Training Records: Complete/Incomplete
- Feedback Forms: Complete/Incomplete
- Assessment Records: Complete/Incomplete
- Certificates Issued: Yes/No

Detailed Information on Documentation

7. Challenges and Solutions

7.1 Challenges Faced

1.

2.

3.

7.2 Solutions Implemented

1.

2.

3.

8. Financial Summary

- Budget Allocated: ₹

- Actual Expenditure: ₹

- Variance: ₹_____

9. Recommendations

9.1 For Future Batches

1. _____
2. _____
3. _____

9.2 For Follow-up Actions

1. _____
2. _____
3. _____

10. Attachments

- Participant Record
- Attendance Records
- Final Assessment Sheet
- Feedback Forms
- Photographic Documentation
- Video Documentation
- Financial Statements
- Other Supporting Documents

11. Report Authentication

Name: _____

Designation: _____

Date: _____

Signature: _____
